CHALLENGES

Create **Awareness** about the MyCo Platform while focussing on increasing the user base.

Maintaining the **quality audience** who would use the offerings on their platform and reach out to non-subscriber user base.

Enhance the **brand reach** and boost retention rate on their OTT Platform.

CAMPAIGN STRATEGY FRAMEWORK

Since MyCo has a unique offering we decided to plan and execute a customized framework to address all the challenges.

StreamX: Elevate, Engage, Evolve

Stream X

The highlight of this campaign was to stream the right content to the right people, for which we decided to target the audience by highlighting MyCo across YouTube on multiple devices.

ELEVATE – ELEVATING THE CONTENT

To enhance the content, we highlighted the unique selling proposition (USP) of MyCo – "watch it, earn it, and own it."
Our strategy focused on engaging users at the right touch points across YouTube while continuously conducting A/B testing on these creatives.

ENGAGE – ENGAGING THE AUDIENCE

To further engage the users we decided to segment the audience and reach the ones who would download and use the App.

Placements
In-App | Pre-Roll, Mid-Roll YouTube Ads

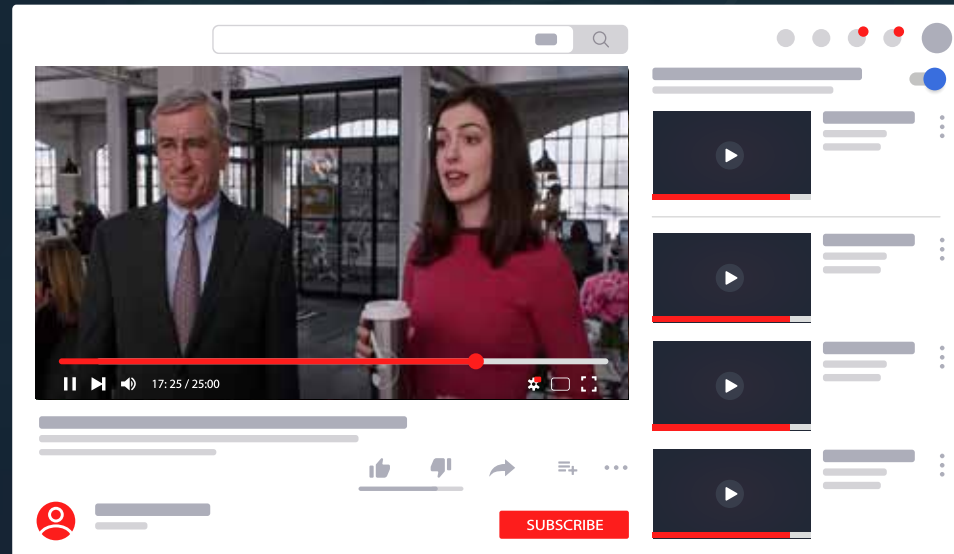

ENGAGE – ENGAGING THE AUDIENCE

The next step to further engage the audience, Pulse's AI-ML capabilities helped optimize engagement strategies with context, content and sentiment analysis which further helped gained nuanced insights into the audience who would be interested in MyCo.

CONTEXT

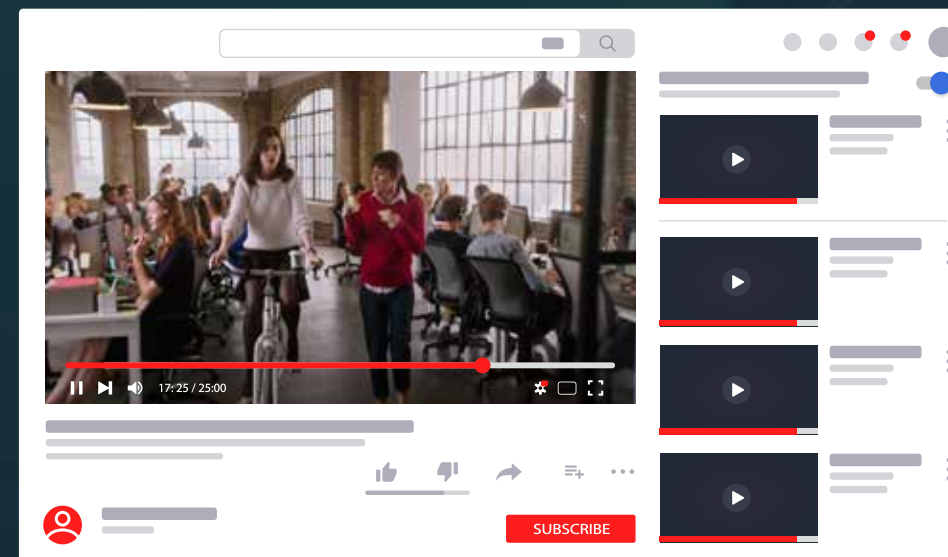

Contextual Relevance

Content gathered through keyword searches is analyzed for contextual relevance, enabling a more in-depth level of analysis.

CONTENT

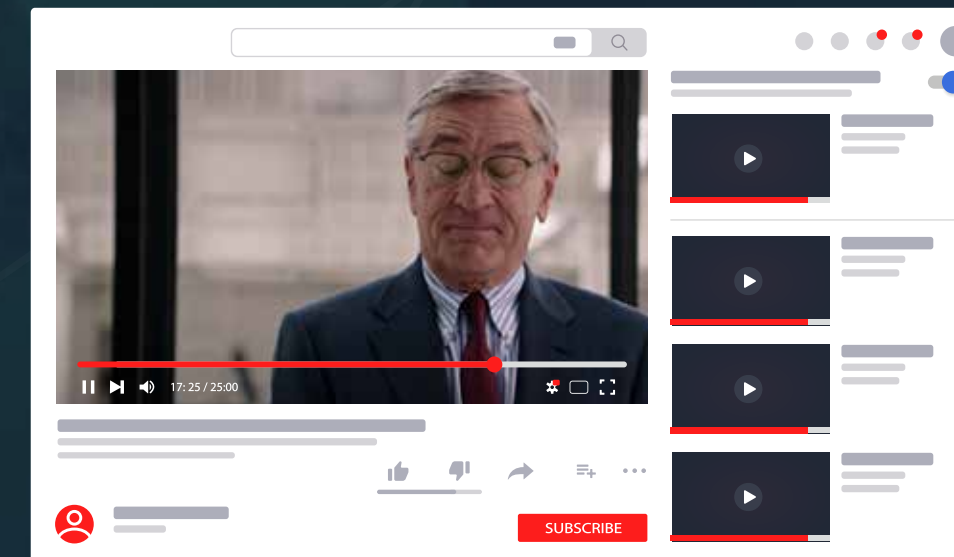

Content Analysis

Our automated Ai-based software Pulse continuously verifies YouTube content, ensuring that MyCo was connected with appropriate content for their brand.

SENTIMENT

Sentiment Analysis

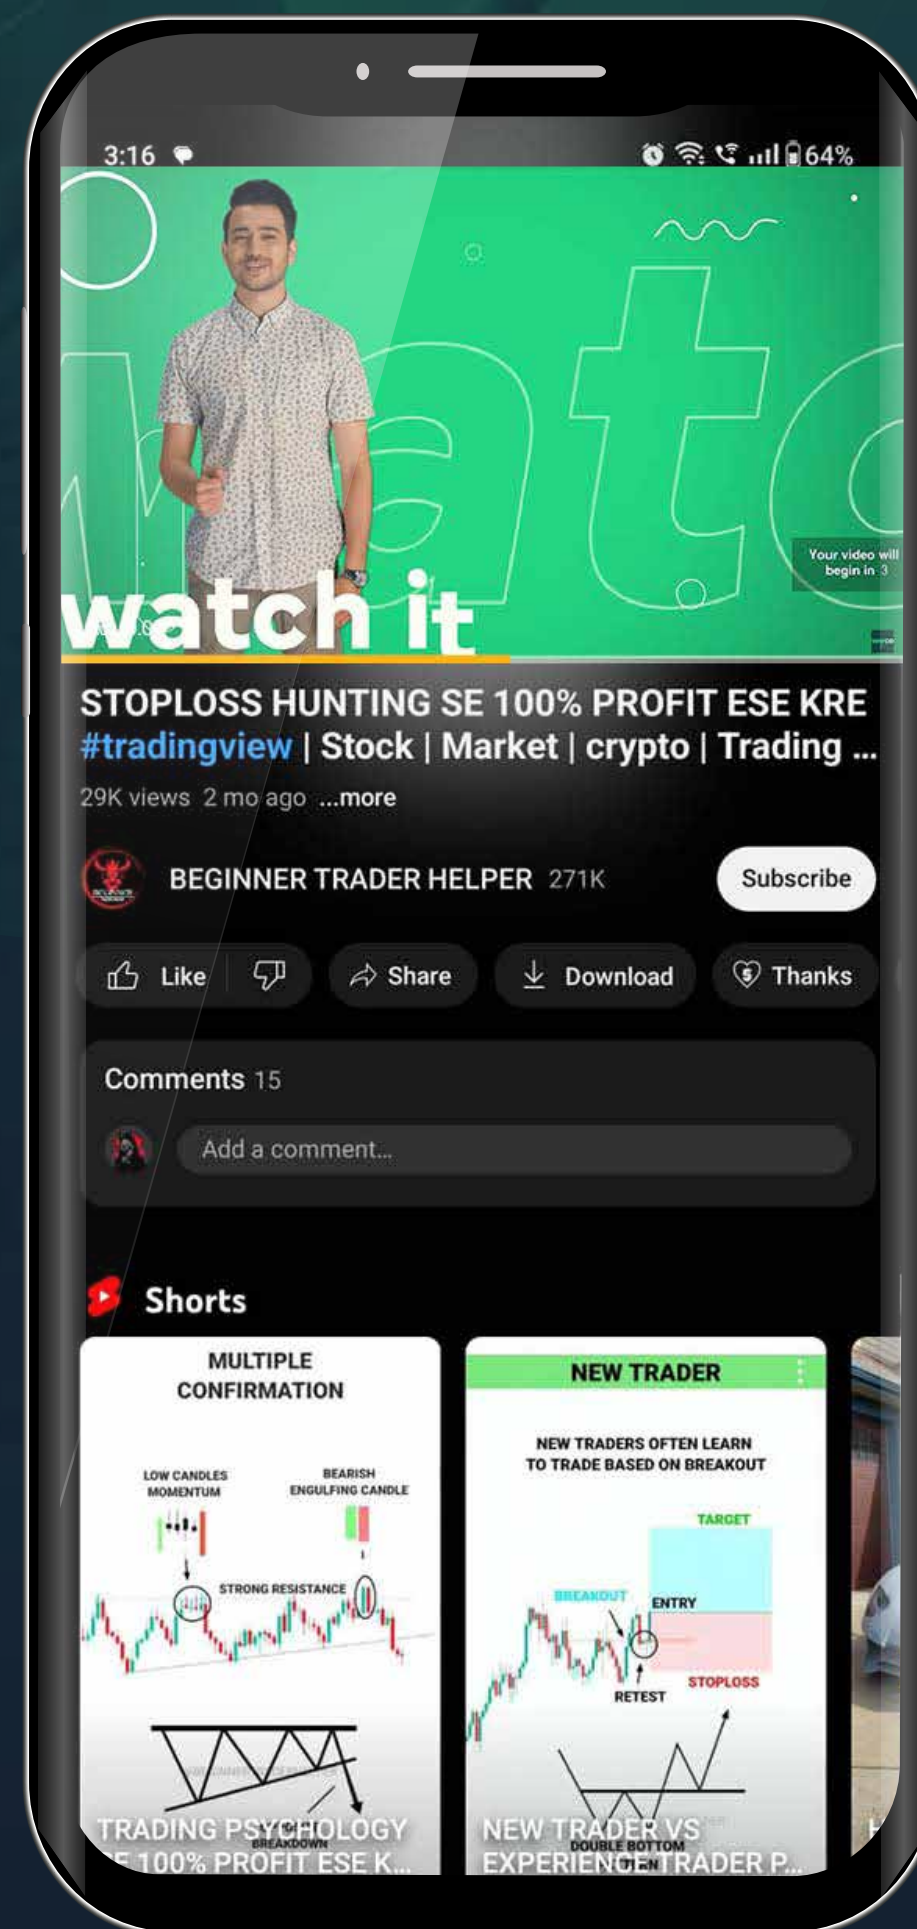

MyCo also had the leverage to choose where they wanted to place their ads based on the desired sentiment they wish to create in their TG (e.g., excitement, happiness, sadness).

EVOLVE – EVOLVING THE ECOSYSTEM

To take our efforts to the next level, we executed this campaign across YouTube through Pulse, an AI-based platform designed to pinpoint the ideal audience and engage their interests effectively with the help of context driven video level targeting.

EVOLVE – EVOLVING THE ECOSYSTEM:

Pulse scans and analyzes video placements on channels, categorizing them into brand-unsafe classifications according to GARM's standards, and prevents ads from appearing on those videos. To take it a step ahead brands can also decide where the ad will not to be showcased
